**BAPTISTS FOR HUGHES.**

Proposed for Next President at Bicentennial Meeting.

Philadelphia, Pa., Oct. 4.—That Governor Hughes of New York is regarded as a serious presidential possibility in Philadelphia was made evident Wednesday night at the bicentennial celebration of the Philadelphia Baptist association when an audience of 1,400 that filled the First Baptist church arose and cheered the suggestion of the Rev. R. S. MacArthur, pastor of the Calvary Baptist church of New York, when he called upon the Baptists as a denomination to work for the nomination and election of Governor Hughes as the next president of the United States.

Dr. MacArthur declared that the membership and adherence of the Baptist denomination in this country numbered about one-tenth of the whole population.

**SEVENTEEN-YEAR-OLD WIFE**

Had Been Ordered West—Leaves Note That, Away from the Girl He Loved, Life Was Not Worth the Living.

New York, Oct. 4.—Separated from his young wife, Lillian, by his impending transfer to a Colorado post, Charles H. Perry, a soldier stationed at Fort Hamilton, shot and killed his bride early yesterday, and then ended his life with the revolver. The bodies were found at 807 Third avenue, Brooklyn, where the couple resided.

Mrs. Anna Meyerhous, failing to see Perry and his wife at the breakfast table, knocked at their door, and, getting no response, entered the room. On a dressing table a note was found in which Perry stated that life without the young woman he loved would not be worth living, and that he thought it were best for both to die.

The bride was seventeen years old and had been married two months. He was a member of the 15th company of Artillery. The Fort Hamilton authorities were notified of Perry's death.

It is the belief of neighbors that Mrs. Perry knew nothing of her husband's sinister intentions. Wednesday night she was the brightest guest at a party given by girl friends.

Mrs. E. M. Kimball of Washington, D. C., formerly of Montpelier, although 87 years old, has occupied the same desk in the treasury department for 43 years and is still actively engaged there. She lives 17 miles outside of the city and rides back and forth every day.

**TIGERS CLINCH THE MATTER**

Making Fast Their Hold on the Leadership

**WON YESTERDAY'S GAME**

Philadelphia Also Wins Her Game, But They Must Win Four and Detroit Lose One Before They Get the Pennant.

The Detroit Tigers clinched the matter of the American league championship yesterday, when they defeated the Senators at Washington with a 9 to 3 score.

Detroit was all to the good from the start, not giving the tail-enders a look-in from the sound of the bell.

Detroit won the game on their ability to hit, making a total of 12 hits at the right time, while Washington made nine and these were not effectively bunched.

The Detroit team left for St. Louis last night, where they will play the final series of three games with the Browns.

The Philadelphia took the game from Cleveland yesterday, but they will have to take the next series of four with Washington in order to make good on the pennant, and even at that Detroit can lose one of the three with St. Louis and still come out on top.

Chicago went still farther down and out by letting the New York Highlanders do them by a 9 to 0 score.

**HE STAMMERED.**

And Boy Kills Himself When Laughed at.

Boothbay, Harbor, Me., Oct. 4.—Roger Richards, a 15-year-old schoolboy, has hanged himself because his companions made fun of him when he stammered. He died a few minutes after his body was found by his mother, swinging from the ceiling of a bedroom.

Young Richards' speech has been affected since he was old enough to talk. He has always been sensitive on the point. Yesterday the jests of his schoolmates were so rough that he went home and announced that he would not return to school.

Warren Richards, the boy's father, told him he would have to go to school.

**ARE AGAINST E. H. HARRIMAN**

New Phase of Illinois Central Controversy

**HARTFORD STOCKHOLDERS**

Condemn His Methods—Further Control Would Be a Calamity—All Proxies to be Delivered to the Fish Faction.

Hartford, Conn., Oct. 4.—At the meeting of the local stockholders of the Illinois Central railroad, held at the board of trade rooms here yesterday, it was unanimously voted to have all of the proxies of the stockholders present turned over to Clarence M. Beach of this city who is director of the Illinois Central and a supporter of Stuyvesant Fish in the fight with the Harriman interests. Those who have already sent their proxies to Mr. Harriman will cancel them in a way to insure their being ineffective.

The stockholders represented over 8,000 shares. The meeting was overwhelmingly anti-Harriman, and besides voting on the disposition of their proxies resolutions were adopted after several had spoken.

The Rev. Dr. Francis Goodwin said the literature circulated showed the existence of two or three great evils in the past management of the road, which, if continued, will result in great damage to the road. "If we as stockholders sit down silently, knowing this, then we are responsible for the mismanagement," said Dr. Goodwin. He said that Harriman's career was such that no one can have any confidence in him. His control of the Illinois Central, he added, would be a calamity, for he would simply tie it up to his chariot wheels, divert its freight and profits and make it simply a servant to the Pacific roads.

These views were shared by the other speakers. The resolutions set forth: "Whereas, the present controversy in the management of the Illinois Central railroad has brought to the knowledge of the stockholders the fact that the board of directors has delegated their powers in intervals of session to an executive committee of their number which is turn has conferred the same absolute power upon their chairman which we believe to be a grave danger to the interests of the corporation and of its stockholders."
